

# VERTEX'S TECHNOLOGY COMMERCIALIZATION ROADMAP

"HELPING YOU GET TO YOUR DESTINATION" © 2001-2006

VERTEX PROVIDES BUSINESSES WITH INTELLECTUAL ASSET MANAGEMENT AND PRODUCT/TECHNOLOGY COMMERCIALIZATION CONSULTING SERVICES.

### How to use this roadmap

As with a highway roadmap, you must first identify where you are now and then determine where you want to go. Box 61, technology exploitation, is a popular destination. This map is intended to guide you on your way to your goal. As in many trips, detours can occur, so keep your eye on the "road" ahead. The box numbers are for quick reference only. For additional copies, please contact us.
